

MRS. E. R. M'EUEN

Death Claims one of Earlington's Oldest and Most Highly Respected Citizens

INTERMENT AT GRAPEVINE CEMETERY TO-DAY

All Earlington was deeply grieved when it was announced Wednesday afternoon that Mrs. Elizabeth R. McEuen had passed away at her home on Main street at 1:05 p. m. She had been seriously ill for five weeks and, while it was known that her condition was critical, yet her going was none the less a sorrow to a large circle of friends.

Mrs. McEuen was born near, Madisonville, Kentucky, Sept. 15, 1834, being eighty years, one month and six days old at the time of her death. She was the daughter of Tolliver and Judith Young McGary, and was the last of eight children. Her husband T. J. McEuen, who died twenty-nine years ago was prominent in the business affairs of Earlington, being manager of the store of the St. Bernard Mining Co., of which he was a large stockholder. For thirty-five years she had lived in Earlington and there were few people in the town who did not know her.

"Aunt Bet" as she was called by all who knew her intimately was one of the most loyed and lovable characters. She numbered her friends by the score in all the walks of life, and for them all she had some word of encouragement. No worthy appeal ever escaped her notice, and many have been her deeds of charity. In every circle she was the center of sunshine. Little children loved to be with her, while the older ones went from her presence with lighter hearts. For

perhaps forty years she was a devoted member of the Christian church. She loved the church, and gave to it the service of a splendid christian life, and largely of her means. She found joy in all its services, attending regularly up to the week prior to her illness. The sermons of the minister were always listened to, appreciatively and his efforts always elicited her praise. She was deeply interested in every advance movement made by the church.

A very large connection of kindred have the sympathy of her host of friends, many of whom gathered at her late home to pay respect to their departed friend.

Funeral services were conducted on this afternoon by Howard J. Brazelton of the Christian Church. Complying with her request, Mr. and Mrs. J. R. Rash, Frank D. Rash and Mrs. John Long sang the songs she loved, and Mrs. W. C. Morton read "Growing Old," a poem she had always praised, the sentiment of which was so appropriate to her life. She was buried in Grapevine Cemetery, by the side of her late husband, beneath the beautiful floral offerings of friends and loved ones.

Does Money Grow

IT does; it grows more certainly than anything else you plant. Plant corn and

the weather may ruin your crop, it may be blighted, the army worm may march over it.

But a dollar saved is a dollar safe.

It is weather-proof; its enemies can't reach it.

Plant \$2 a week in a (Peoples Bank) savings account and in ten years your crop will account to \$1,210.00 and it harvests itself.

Money in this Bank grows; it can't do anything but grow.

Must Refund Salary

Madisonville, Ky., Oct. 22.—Judge John K. Hendrick, as special judge of the Hopkins Circuit court, rendered a judgment against A. J. Fox, for \$1,800. Mr. Fox was the former superintendent of schools of this county and the suit was based on a general salary raise by the old Fiscal Court. Suits have been pending against the former Sher-

iff, County Judge, County Attorney and County Clerk attacking the legality of the action of the court increasing the salary of the officers and seeking to recover the alleged excess in salary and alleged illegal fees and charges, and this is the first case to be tried. About \$8,000 all total is involved.

THREE RAIDS IN ONE NIGHT

Burglars made the Rounds in Morton's Gap Monday Night

A bold though unsuccessful attempt at robbing occurred at Morton's Gap, Hopkins Co., on Monday night. Some time during the night, it is not definitely known when, marauders broke into the Planters' Bank of Morton's Gap. They were unable to obtain anything here except a 41 calibre Colts pistol and left, next entering the Post office. Here they stole two or three dollars in pennies and stamps. The L. & N. ticket office was also entered, a small safe taken out, and carried back into the freight house. Here they tried unsuccessfully to open it, battering it up considerably, but obtaining nothing.

The robbers left no evident clues, and it is not known how many were in the party. It has not as yet been ascertained who will take up the effort for their capture.

CLEANSER YOUR HAIR MAKES IT BEAUTIFUL

It becomes thick, wavy, lustrous and all dandruff disappears

Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, and application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter and try it as directed.

MISS RUBIE WARD GIVES MUSICAL ENTERTAINMENT

Assisted by Young Folks and Orchestra—Proceeds For Piano Fund

At Temple Theatre last night Miss Rubie Ward presented a very attractive musical entertainment, to a well-filled house, for the benefit of the Methodist Church piano fund. Miss Ward was supported by a company of girls and boys, much in earnest and very pleasing in their acts, who showed in their performances the careful and painstaking work of their instructor. The spirit of all those connected with the effort was expressed humorously in the parody by five little girls, who sang that they would "work themselves black and blue" to replace the old organ with the new piano. The orchestra for the occasion was made up of Miss Ward, Mr. Ward, Messrs Wiley, Webb, Webb and Daves. The good audience was generous and hearty in their approval throughout the program. The advertising section of the entertainment, under title of "Who's Who and Why," produced such goodnatured merriment and the whole affair passed as a fine expression of wholehearted community spirit and neighborly interest in a good purpose. Miss Ward is given credit for taking the initiative in this movement, which promises success. Under the leadership of the pastor, Rev. W. A. Grant, the congregation on Sunday subscribed about \$100 toward the fund and there is a committee to put the matter in practical shape.

GRATITUDE TO OUR MAGISTRATES

All the citizens of Earlinton and vicinity who know about the agricultural extension movement through the activities of the Farm Agent, and who appreciate its importance to the county of Hopkins and the State of Kentucky, will approve and applaud the initiative stand taken by our magistrate, Esq. Jas. Priest, at the recent session of the Fiscal Court. Esq. Priest was one of the four magistrates who voted in favor of an appropriation for the continuance of this work in Hopkins county, the cost of which the past year had been borne entirely by private subscription. This year, indeed, the Fiscal Court is carrying but half of the local expense of this important work, or one-fourth of the entire cost of the Farm Agent. The amount appropriated by the Fiscal Court is but \$800 for the coming year's work, but that is a good start in the right direction and bids fair to lead to permanence in the carrying on of this work for improved conditions in general farming and in the specialties of animal husbandry, horticulture, trucking, etc., in all of which things Hopkins county has much to learn.

To Esq. Priest and the other magistrates who voted for this good measure are due the thanks of both those who produce these things and ought to produce them more abundantly and better, and of those who consume and who would be glad to buy at home when they can.

Big Find of Money

Cadiz, Ky., Oct. 23.—Mrs. Thomas Franklin, of the western part of this county, died a few days ago. Just before her death she told some of the members of her family that she had some money buried in the well house and upon investigation they found a box containing over \$1,400 in currency, silver and gold. It is thought that this money had been buried there for fifty years or more, as it is all dated back of that date, some of it being almost 100 years old.

Sargent, Peru, Ind., says: "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers.

Suffered Twenty-One years Finally Found Relief

Having suffered for twenty-one years with a pain in my side, I finally have found relief in Dr. Kilmer's Swamp-Root. Injections of morphine were my only relief for short periods of time. I became so sick that I had to undergo a surgical operation in New Orleans, which benefited me for two years. When the same pain came back one day I was so sick that I gave up hopes of living. A friend advised me to try your Swamp-Root and I at once commenced using it. The first bottle did me so much good that I purchased two more bottles. I am now on my second bottle and am feeling like a new woman. I passed a gravel stone as large as a big red bean and several small ones. I have not had the least feeling of pain since taking your Swamp-Root and I feel it my duty to recommend this great medicine to all suffering humanity. Gratefully yours,

MRS. JOSEPH CONSTANCE,
Rapides Par. Echa, La.
Personally appeared before me, this 15th day of July, 1911, Mrs. Joseph Constance, who subscribed the above statement and made oath that the same is true in substance and in fact.

Americans are Spongers

The only hope for the widows and children in the countries now engaged in war is explained in the following quotation from a letter from one of the large New York banks to one of our local bankers.

"If our people realize the part that money will play in the years following the war, every one would now save every dollar he could to invest later on in the development and increase of business which is sure to come.

Our country should follow the example of Germany in the past twenty years in the co operative encouragement of all forms of industry, large and small, under constructive Government help regulation; and we should follow the example of all European countries in the careful savings and investment of sums by the great majority of the individuals of the nation. In Europe the number out of every thousand of population who have bank accounts is in the various countries as follows: Switzerland 554, France 345, Germany 417, England 302, Italy 220. In contrast to these figures, the United States 99."

NOTHING BETTER FOR WEAK WOMEN

"I Never Spent Any Money That Did Me So Much Good as That I Spent for Vinol."

Bellefontaine, Ohio.—"I wish every tired, weak, nervous woman could have Vinol for I never spent any money in my life that did me so much good as that I spent for Vinol. My nerves were in a very bad condition, making me very weak, tired, and worn out and often drowsy headaches. I had tried cod liver oil, doctor's medicines, and other preparations without benefit.

"One day a friend asked me to try Vinol. I did and soon my appetite increased, I slept better and now I am strong, vigorous and well and can do my housework with pleasure."—Mrs. J. F. LAMBORN, Bellefontaine, Ohio.

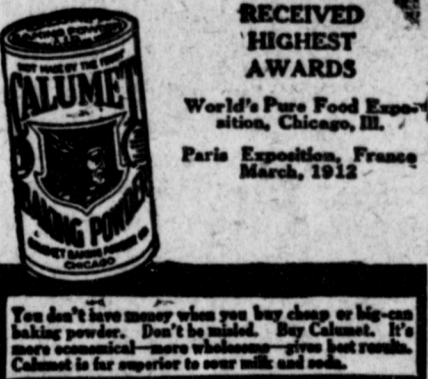

Nervous, weak, tired, worn-out women should take Mrs. Lamborn's advice and try Vinol for there are literally thousands of men and women who were formerly run-down, weak and nervous, who owe their good health to Vinol.

It is the medicinal, tissue building elements of the cod's livers, aided by the blood making, strengthening influence of tonic iron, contained in Vinol, which makes it so efficient in all such cases. St. Bernard Mining Co., Incorporated, Drug Department, Special Agents
